

# Internship

## College Undergrad

**Duration:** 8 weeks

**Timeframe:** Summer

**Compensation:** Unpaid at this time

**Housing:** \$250/month (Sponsorship available)

*This internship is geared towards those who have a strong interest in nature center functions and are working towards a degree in the sciences.*

---

### EXPERIENCE GAINED

Work alongside Center staff to gain skills in:

- Museum curation: exhibit design, care of taxidermy and preservation
- Animal husbandry
- Guest interaction with visitors: tourists, school children and regular groups
- Field research skills on snakes and turtles
- Basic knowledge of administration of a nonprofit organization

---

### ELIGIBILITY

Participants will meet the minimum of the following requirements:

- At least 18 years old
- At least one year of undergraduate or associates coursework relevant to biology, ecology, natural resources, education or similar
- Ability to work with all age groups
- High level of responsibility
- Ability to work in a group and independently
- Willingness to participate in a variety of activities: physical labor, outdoor research in moderately inclement weather and rural existence
- Other tasks as they present themselves: rehabilitation or rescue of an animal, assistance with expansion construction, etc.

---

## HOW TO APPLY

Send a letter expressing your interest and a resume to [projectnorthwoodswi@gmail.com](mailto:projectnorthwoodswi@gmail.com). Please include in your letter why you would like to participate in this internship and what you hope to gain from the experience.

We also encourage you to check with your university to gain internship or research experience credits while participating in the internship. We will work with your specific program to make sure credit requirements are met.
